

Shipbourne Village Hall

Registered Charity No 1074519

‘Kitchen Rules’

1. In accordance with Health and Safety legislation, we have a double sink to allow for food preparation and washing up to be carried out at the same time. The dishwasher may not be used for private hirings.
2. Please clean the cooker after use. The oven has self-cleaning side panels which should not be touched but any spills elsewhere should be cleaned off, using a non-abrasive cloth, whilst the oven is still warm.
3. All surfaces should be wiped clean. The floor should be swept and mopped as necessary.
4. If hand towels or tea towels are used, please take them home, wash them and return them to Lynette Sargent or back to the Hall during the following week.
5. For fire safety reasons, please close the roller shutter and doors on departure.
6. We rely on you to leave the kitchen clean and tidy for the next person.
7. The Village Hall will not be responsible for food hygiene when the hall or kitchen is operated by or on behalf of those who have hired it.
